I WILL SURVIVE
by Gloria Gayner

[Intro]

B7b9

[Verse 1]

```
   Em                          Am
At first I was afraid, I was petrified,
             D                                Gmaj7
Kept thinking I could never live without you by my side.
          Cmaj7                            F#m7b5
But then I spent so many nights, thinking how you did me wrong,
          Bsus4                 B
And I grew strong; and I learned how to get along.

             Em               Am
And so you're back, from outer space,
             D                                      Gmaj7
I just walked in to find you here, with that sad look upon your face.
             Cmaj7
I should have changed that stupid lock,
             F#m7b5
I should have made you leave your key,
         Bsus4                                  B
If I had known for just one second, you'd be back to bother me.
```

[Chorus]

```
          Em               Am
Go on now, go; walk out the door;
          D                           Gmaj7
Just turn around now, 'cos you're not welcome any more.
Cmaj7                                F#m7b5
   Weren't you the one who tried to hurt me with goodbye?
                Bsus4                        B
Did you think I'd crumble; did you think I'd lay down and die?
          Em           Am
Oh no, not I; I will survive,
       D                               Gmaj7
Oh, as long as I know how to love, I know I'll stay alive.
         Cmaj7                           F#m7b5
I've got all my life to live, I've got all my love to give,
            Bsus4          B           Em
And I'll survive, I will survive, hey hey
```

[Interlude]

(Em) Am D Gmaj7 Cmaj7 F#m7b5 Bsus4 B

[Verse 2]

```
        Em                              Am
It took all the strength I had not to fall apart.
            D                               Gmaj7
Kept trying hard to mend the pieces of my broken heart.
            Cmaj7                               F#m7b5
And I spent oh, so many nights, just feeling sorry for myself,
          Bsus4          B7
I used to cry, but now I hold my head up high.
            Em           Am
And you see me; somebody new,
             D                                      Gmaj7
I'm not that chained up little person, still in love with you.
            Cmaj7                               F#m7b5
And so you felt like dropping in and just expect me to be free,
        Bsus4                           B
Now I'm saving all my loving, for someone who's loving me.

[Chorus]

            Em               Am
Go on now, go; walk out the door;
            D                           Gmaj7
Just turn around now, 'cos you're not welcome any more.
Cmaj7                                F#m7b5
   Weren't you the one who tried to break me with goodbye?
                  Bsus4                         B
Did you think I'd crumble; did you think I'd lay down and die?
            Em           Am
Oh no, not I; I will survive,
       D                                Gmaj7
Oh, as long as I know how to love, I know I'll stay alive.
         Cmaj7                            F#m7b5
I've got all my life to live, I've got all my love to give,
            Bsus4           B
And I'll survive, I will survive... oh

[Chorus]

            Em               Am
Go on now, go; walk out the door;
            D                           Gmaj7
Just turn around now, 'cos you're not welcome any more.
Cmaj7                                F#m7b5
   Weren't you the one who tried to break me with goodbye?
                  Bsus4                         B
Did you think I'd crumble; did you think I'd lay down and die?
            Em           Am
Oh no, not I; I will survive,
       D                                Gmaj7
Oh, as long as I know how to love, I know I'll stay alive.
         Cmaj7                            F#m7b5
I've got all my life to live, I've got all my love to give,
            Bsus4           B               Em
And I'll survive, I will survive, I will survive...
