[Intro]

D D G D
D A7 D A7

[Verse 1]

```
    D                       G             D
I'm singing this song, it's time it was sung
       D                      A7
I been putting it off for a while
         D         G              D           G
But it's harder by now 'cause the truth is so clear
        D            A7          D    A7
that I cry when I'm seeing you smile
```

[Chorus]

```
       D        G         D             G
So goodbye, so long, the road calls me dear
          D                        A7
And your tears cannot bind me anymore
         D           G             D          G
And farewell to the girl with the sun in her eyes
       D            A7           D    A7
Can I kiss you and then I'll be gone
```

[Verse 2]

```
      D                     G              D
Every time that I tried to tell you that we'd
         D                     A7
lost the magic we had at the start
         D       G            D            G
I would weep my heart when I look in your eyes
       D            A7            D    A7
And I search once again for the spark
```

[Chorus]

```
       D        G         D             G
So goodbye, so long, the road calls me dear
          D                        A7
And your tears cannot bind me anymore
         D           G             D          G
And farewell to the girl with the sun in her eyes
       D            A7           D    A7
Can I kiss you and then I'll be gone

[Verse 3]

```
      D                     G            D
I can see by your eyes it's time now to go
        D                         A7
so I'll leave you to cry in the rain
          D          G        D          G
Though I held in my hand the key to all joy
               D             A7         D     A7
but honey, my heart was not born to be tamed
```

[Chorus]

```
       D        G         D             G
So goodbye, so long, the road calls me dear
          D                        A7
And your tears cannot bind me anymore
         D           G             D          G
And farewell to the girl with the sun in her eyes
       D            A7           D    A7
Can I kiss you and then I'll be gone

       D        G         D             G
So goodbye, so long, the road calls me dear
          D                        A7
And your tears cannot bind me anymore
         D           G             D          G
And farewell to the girl with the sun in her eyes
       D            A7           D    A7
Can I kiss you and then I'll be gone
```

[Outro]

```
       D            A7           D    A7

Can I kiss you and then I'll be gone
