[Verse]
D                             A
Hey, don't write yourself off yet.
                            G                       D
It's only in your head you feel left out or looked down on.
               D                        A
Just try your best, try everything you can.
                               G                               D
And don't you worry what they tell themselves       when you're away.

[Chorus]
        N.C.  D                                           A
It just takes some time, little girl you're in the middle of the ride, everything,
                G                                         D
Everything will be just fine, everything, everything will be alright (alright)

[Verse]

```
D                              A
Hey, you know they're all the same.
                             G                         D
You know you're doing better on your own, so don't buy in.
            D                            A
Live right now.       Yeah, just be yourself.
                            G                        D
It doesn't matter if it's good enough       for someone else.

[Chorus]
        N.C.  D                                          A
It just takes some time, little girl you're in the middle of the ride, everything,
                G                                        D
Everything will be just fine, everything, everything will be alright (alright)

                G                                        D
